GK

Mark DesRoches and Board of the 17th Street Gateway Association:

The Atlantic Avenue Association Board of Directors has voted in favor of deferring the vote on the application before the Planning Commission to construct a dining hall facility on the JCOC property. While we feel great compassion for and are very sensitive to the needs of the less fortunate, we also understand the concerns expressed by our neighbors in the resort district and feel further study is warranted.

Sincerely,

*Helping To Build  
A Great Community*

George Kotarides

President, Atlantic Avenue Association
